

27 August 2023

Ms. Mary Lynn Kane K.C.
Executive Director
Law Society of PEI

Dear Ms. Kane

The Epilepsy Association of the Maritimes (EAMS) has been providing navigation and advocacy for persons living with epilepsy for over 40 years. We provide seizure first aid and scholarships and enhance awareness with employers. We are continuing to expand our services in PEI and would be very interested in having a lawyer from PEI on our Board. That expertise would be very valuable to our members and to governance of the association. The time commitment is approximately two meetings per month of about 60-90 minutes each, which can be attended virtually so there is no travel requirement. Our physical office is located in Halifax and we do have volunteers around the Maritimes. The term of appointment is for one year at a time. Our other Board members come from various backgrounds within the business sector, human resources, and accounting.

I can be listed as the contact person at Odette.MacLeod@epilepsymaritimes.org.

Thank you for supporting this!

Yours truly

Odette MacLeod
Board Member
